1. GRANT OF LICENSE

Subject to the terms below (hereafter known as the 'Agreement'), the joint venture between Radaee Studio (Chinese company based in Beijing) and Jugaad s.r.l. (Italian company based in Cavriago - RE) ("Radaee") hereby grants you a non-exclusive, non-transferable license to use the software library RadaeePDF SDK (the 'Software') and its derivatives.

This EULA applies to the product RadaeePDF SDK.

- 1.1. You are permitted to use the software for development and internal purposes for free and without any developers' number limitation.
- 1.2. The Software can be distributed in your applications only with a valid license. The full SDK package can be shared within your company or working team. You can share the full SDK package inside your company or working team. Any other distribution, whether transmitted via email, physical media, website or other electronic delivery system is not allowed.
- 1.3. You may copy the Software for back-up or archival purposes.
- 1.4. Applications using unlicensed versions of RadaeePDF SDK shall be used only for development, testing and/or demoing purposes. Developers can distribute, publish and sell applications only containing licensed copies of RadaeePDF SDK. Each license will be strictly tied to a unique application package, bundle-id or uuid / application identifier.
- 1.5. Each application, identified by a unique application package name (on Android), bundle id (on iOS) or unique name/uuid (on MS Windows platforms) requires a single commercial license for each Operating System. You can distribute the licensed library in your application on the Apple AppStore, Ms Store, Google Play and other public marketplaces. You are not allowed to distribute generated binaries via private repositories, storages and marketplaces. You're equally not allowed to distribute binaries as preloaded Application in devices (ie.: builtin as a system app, OEM app, odm, app, etc.).
- 1.6. For the avoidance of any doubt, the delivery for use by third parties is not covered by the free use license.
- 1.7. Each license shall be tied to a single self contained application running on a single operating system. The RadaeePDF SDK software library, java code and/or activation key cannot be included in any external plugins, software modules, printer drivers (i.e.: via Android intent mechanisms).
- 1.8. OEMs, device manufacturers and distributors require a special "OEM license" to be able to distribute applications containing RadaeePDF SDK library bundled with their own devices. To obtain the correct license you must write to sales@radaeepdf.com
For prices related to such supplementary use, please send an email to sales@radaeepdf.com.

- 1.9.** In order to publish or distribute an application that contains the RadaeePDF software library via a private marketplace or direct media (i.e. website, email, cloud storage etc.), a “special OEM licence” is required; please contact us via email at sales@radaeepdf.com for more information.
- 1.10.** The software library, when packaged within your binary application, may be redistributed royalty-free, as long as it is produced using a licensed version of the Software.
- 1.11.** You are allowed to use, modify and extract any part of the source code you find in the original distribution package (i.e.: demo projects which contain Java, Objective-C or C# code).
- 1.12.** The use of reverse engineering techniques on binaries, compiled code and/or native libraries is explicitly forbidden.
- 1.13.** In any case, Radaee will not be held liable for any claims, direct or indirect, and/or damages resulting from the use of the product arising out of this agreement, except if it and where it is specified and extraordinary allowed.
- 1.14.** You are eligible to receive software updates for free. Licensed versions of the library will remain valid when updating from one RadaeePDF SDK version to a newer one. Software activation keys are not affected by software updates. This perpetual update mechanism is valid on Standard, Professional and Premium versions of the RadaeePDF SDK and its software library.
- 1.15.** Products RadaeePDF Classic, RadaeePDF Master and RadaeePDF for Server maintain the same perpetual license scheme of above. Radaee is eligible to modify the maintenance and update method at his sole discretion. Radaee shall communicate changes making them publicly available on the official website or through a periodical newsletter.

2. TITLE

You acknowledge that no title to the intellectual property in the Software is transferred to you. Title, ownership, rights, and intellectual property rights on the software and documentation shall remain of Radaee.
